2017 Annual Report

Frances W. Henderson
 Executive Director

This year we were called upon to respond to decreasing civility, and to civic distress. Using Restorative Circles, we offered ways for people to process concerns. We helped communities respond to harassment by developing an “Upstander” training.

In Orange County, we expanded our services in the Orange County Schools to include Restorative Processes as well as mediation.

Around North Carolina, we helped organizations move toward systemic change in how they manage difficult conversations with clients and consumers, and how they make group decisions.

We want to hear from you—call us or email us and tell us about your personal, family or workplace issue and how we might help. Give us your ideas for serving our community. fhenderson@disputesettlement.org or (919) 929-8800.

Join us in making ours a healthy community in which conflict is approached and resolved, with our relationships maintained and even improved. You may donate with major credit cards at www.disputesettlement.org or send a check to DSC, 02 Weaver Street, Carrboro, NC 27510.
