

FAMILY MEDIATION

Fees

Our fee for Family Mediation is \$150/per party per mediation session (approximately 2 hours). We also provide a sliding scale (*below*) for parties who have an income of \$80k or less.

We will invoice each party individually by email after each session unless other arrangements have been agreed-upon prior to the mediation.

If you need to access our sliding scale, please let us know.

We seek outside funding to enable those who need it to have this subsidy. We ask that you consider your assets as you find your place on the scale. For example, some clients may earn far more than the maximum payment, or be “unemployed” but have considerable financial holdings, and are asked to make a payment based on their reasonable ability to pay.

Annual income from current year	Fee per session
Under \$25,000	\$30
\$25,000 to \$30,000	\$45
\$30,000 to \$45,000	\$55
\$45,000 to \$60,000	\$80
\$60,000 to \$80,000	\$100

(We make every attempt to accommodate your schedule. Please make cancellations at least 24 hours in advance to avoid a \$30 cancellation fee.)
